Use the “Add Additional Runner” button in the bottom right hand corner 

When entering the team name be careful as that’s how we know which team to add you to.

The additional runners don’t show in your login page but they will show on the website team listings. The listings are dated so the additional runners will only show if entered before the date shown. We update roughly each month.

We will update your team size and gender mix. It’s fine to jump categories 3-5 runners (small team), 6-8 runners (large team), 9-12 runners (XXL Fun Team).

These places are limited so please do this asap.

3. Deferring an entry to 2021.

You can defer an entry (solo or team) until the end of April. We cannot defer after this as we will have closed the databases, ordered t-shirts, medals etc. and made up the race packs.

To defer you simply need to e-mail endure24@racesolutions.co.uk and let us know. You will receive a code around August 2020 to use when re-entering. This will give you free entry in 2021.

4. Passing on a solo entry.

If you wish to pass your solo entry on to someone else you need to e-mail endure24@racesolutions.co.uk copying in the person taking your place. We will then wipe your details and send a new confirmation to the person taking the place. They then login using the link and password they receive to add their details.

We are simply facilitating the change, any agreement is between the parties involved.
